

KUNYE

adverb

kun·ye | \ koo-nyey

Definition of kunye:

Xhosa word for together

VINTAGE: 2020 **VARIETAL:** CHENIN BLANC **ORIGIN OF FRUIT:** SWARTLAND

TASTING NOTES:

Cape of Good Wine - A pretty nose of stone fruits, lemon and tropical fruits that continues to please with it's salinity and delicious acidity.

Cassidy Dart MW - Textured, apple-skin and guava, slightly tropical yet buttressed with a fresh, ripe acidity.

Rather than tell you about terroir, soil and rarity - let's talk about what's actually inside these bottles:

The bottles hold the hope of diversifying the SA wine landscape, the belief that wine should be more inclusive and appreciated by everyone.

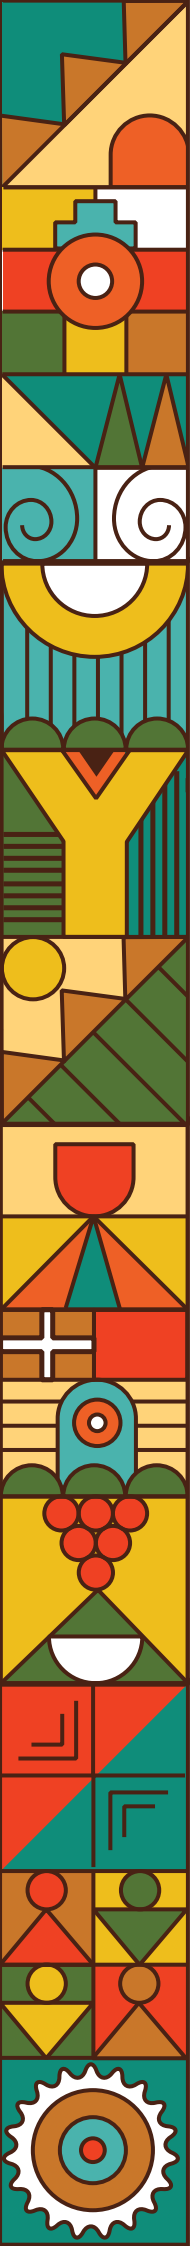

And every cent of the profits contribute towards a scholarship fund that assists previously disadvantaged South Africans in furthering their wine education and careers.

KUNYE

adverb
kun·ye | \ koo-nyey
Definition of kunye:
Xhosa word for together

VINTAGE: 2020 **VARIETAL:** CHENIN BLANC **BLEND:** 100% Chenin Blanc

APPELLATION: Swartland

DRINKABILITY: 2020 - 2023

IN THE VINEYARD: The grapes are sourced from dryland farmed grapes in the prestigious Swartland area. These conditions naturally limit the crop and produce ripe berries with high acidity.

IN THE CELLAR: No oak was used. Fermentation was completed in stainless steel tanks with natural yeasts and the wine was left on the lees for as long as possible before being bottled.

THE VINTAGE: The 2020 vintage was a dry and healthy growing season that followed a winter with good to normal rainfall which allowed the grapes to ripen optimally.

HARVEST DATE AND YIELD: Beginning February 2020 with a yield of 9tons per ha or 54hL per ha

BOTTLING DATE: September 2020

ANALYSIS: Alc. 12.5% pH. 3.35 TA. 5.9 g/l RS. 1.6 g/l
